

# **Kachiu Lee, MD**

Kachiu C. Lee, MD, MPH, is a nationally renowned expert on injectable and laser treatment for medical and cosmetic applications. As a board-certified dermatologist, she serves as the Director of the Lifespan / LPG Laser and Aesthetic Center of Brown University. There, she works in interdisciplinary teams with plastic surgeons, oculoplastics surgeons, and dermatologists to diagnose and create a multi-faceted treatment plan for her patients. Furthermore, she is an Assistant Professor of Dermatology at Brown University. In this role, she regularly trains medical students and resident physicians in cosmetic dermatology.
